Welcome to Ideal Health!

We are excited to have you join our community! At Ideal Health, we are committed to providing you with high-quality, non-insurance benefit plans tailored to meet your unique health needs. Our goal is to offer you peace of mind with affordable and effective health benefit solutions.

Our team is here to support you every step of the way, ensuring you have the information and assistance you need to make the most of your health plan. We believe in building healthier futures together and are excited to be a part of your journey towards optimal well-being.

Thank you for choosing Ideal Health. We look forward to serving you!

Best regards,
The Ideal Health Team

"We look forward to helping you maintain and improve your health and wellbeing."

HOW TO USE YOUR ESSENTIAL BENEFITS

The purpose of this guide is to help you navigate through your benefits.

To start you off, here are a few important things to keep in mind.

- This is not your traditional insurance policy; this is a new approach to affordable healthcare, and it works differently than what you may be used to.
- In this email you will learn what to do when you need to use a benefit
- How to use the benefits and who to contact when you need to use the benefits.
- Each benefit has its own procedure and contact, which you will receive here.

Below we will explain which service provider you will need to contact depending on your medical need. We have divided up the need broadly as follows:

- [I FEEL SICK AND NEED TO TALK TO A DOCTOR](#)
- [I NEED A PRESCRIPTION](#)
- [I NEED BLOOD DRAWN OR LAB SERVICE](#)

Virtual Care Services: How to Use

Lyric Health offers fast, convenient, and affordable virtual healthcare through three key services:

Virtual Urgent Care, available 24/7/365 for common issues like colds and infections;

Virtual Primary Care, providing scheduled visits with a dedicated provider for chronic conditions and wellness; and

Virtual Dermatology, Our board-certified Dermatologist can treat and diagnose hundreds of common skin, nail, and hair conditions, as well as help manage chronic skin conditions. Receive a treatment plan and prescription, if needed within 72 hours after interview intake.

Simple as 1, 2, 3

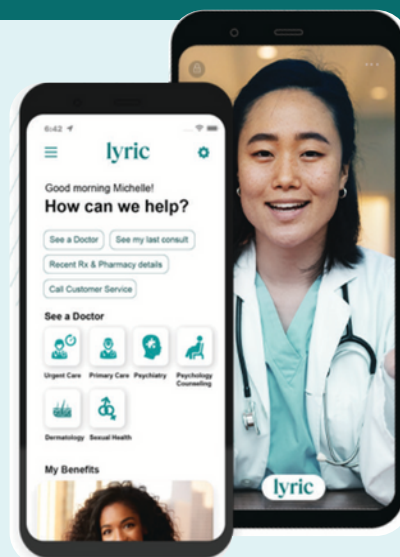

Call | Tap | or Click

- 1** Call 1.866.223.8831, download the **Lyric Health App**, or visit www.getlyric.com to log into your member portal to schedule a consultation with state licensed physician.
- 2** **Triage**
Member speaks to a Care Coordinator who will triage and update the patient's Electronic Health Record (EHR).
- 3** **Consult**
Member consults with Physician who recommends a treatment plan, and if medication(s) is prescribed, it's sent electronically.

I NEED A PRESCRIPTION

Provider: RxValet

The RxValet website will give you several options to obtain your medications. It will give you a list of local options as well as Mail order. It will also give you access to Prescription Assistance Programs (PAP) that will help you reduce the cost of your medications significantly. The application process is simple and quick.

Step 1

Access the RxValet member at <https://www.myrxvalet.com>

Step 2

Login/Register then click 'Register Now.'

Step 3

Enter your Member ID and enter Member Code/Rx Group Number (GIH1000). Your Member ID/Number will be in an email sent to you by Rx Valet on your ID card.

Step 4

Review your cards and make sure that your information is correct. ALWAYS present this card at the pharmacy first.

Step 5

Make sure you bookmark MyRxValet.com so you can receive important emails from the company.

Step 6

If you need to contact the RxValet the number is (855) 798-2538

Pharmacy

Fee Schedule

1,000+ Acute and Chronic Generic Medications for \$0
GLP-1 Weight Loss Meds start at \$249.95

[Covered Medications](#)

[Prescription Assistance Programs](#) (Income Based Program)

Not all medications fall under this program, but if one does, it will be clearly displayed. See if you qualify by completing a short online form. We will expedite your qualification, ongoing registration process and requirements to make an already tough decision easier to make.

[International Pharmacy](#)

This benefit offers the lowest pricing for brand-name medications, often at 70% off the retail price! All medications are sourced from trusted Tier 1 countries with rigorous regulatory standards, like Canada and Australia. This ensures you receive the same high-quality medications you'd expect in the US.

[340b Drug Pricing Program](#)

Provides another, state and local avenue, to obtain medications at a discount of 25% - 50% which results in great savings.

[Home Delivery Simplified](#)

Our dedicated mail-order pharmacy obtains the prescription from the doctor or the pharmacy, then completes the order typically without shipping or handling fees.

[Insulin Program](#)

Our flat-rate solution provides a one-stop-shop path for your insulin needs and medications that are typically associated with diabetes. This approach allows us to offer all of our insulin, no matter the brand, starting under \$95 a month!

[Pharmacy Benefit Management](#)

We strive to create a constant open-market bid and a right-to-earn your business mindset through our fulfillment partnerships and real-time channel management

[Diabetic Supply Management](#)

The cost of monitoring this disease makes it a costly proposition all around. We generate these savings the tried-and-true way - volume at our mail-order pharmacy.

[Prior Authorizations](#)

We handle prior authorizations and assist with ordering the medications through our integrated programs. If one doesn't work, we move to the next process to maximize savings, benefiting the plan and the member.

The Quest Diagnostic Advanced Lab Program is also called QuestSelect™. This program allows you to obtain outpatient laboratory testing* at no cost to you. When your doctor orders lab testing, you can show your QuestSelect® card and use your QuestSelect™ benefit. Tell the medical receptionist at your doctor's office and at the Quest Diagnostic lab that you are a QuestSelect member. The Quest Diagnostics receptionist will want your [member ID number](#) available to on your Member ID card. This is how Quest Diagnostics knows not to bill you for care.

- If your doctor has given you a written lab order, call the Lab Line to schedule your visit.
- If your doctor's office is going to draw your blood in the office and doesn't use Quest, ask them to call the Quest Diagnostics™ Lab Line to pick up your test sample. (Questions/Lab Line number is: 1.800.646.7788)

This is a subscription program and is NOT insurance. This subscription gives you outpatient laboratory testing at no out-of-pocket cost to you* when you present your QuestSelect™ card and ask to use QuestSelect®.

When you use QuestSelect™, you have a \$0 Copay for over 1,200 different blood, urine, cytology, pathology, and cultures that are included in the subscription.

The QuestSelect™ laboratory benefit does [DOES NOT COVER](#):

- Testing ordered during hospitalization.
- Lab work that is needed on an emergency or (STAT) basis.
- Testing completed at another laboratory.
- Time-sensitive esoteric testing such as fertility testing, bone marrow studies and spinal fluid tests.
- Genetic Lab Tests
